Table of the main software programmes installed

This is a partial list of our software, and does not contain utilities or OpenSource and proprietary applications.

Soget is an SDL Trados Partner

This alliance provides our customers with the benefits of our expertise in cutting-edge technologies for the production of top quality documentation at constantly reduced lead times and costs.

Soget is an Across® Service Provider

which allows us to offer our customers the most up to date CTM (Corporate Translation Management) solutions, to share projects with CrossGrid, and to reduce translation and DTP lead times and costs with CrossDesk.

This is a partial list.
For more information on all the software installed, please contact our Sales department.
